100 DEAD, LOSS MILLIONS, IN FLOOD AT SAN ANTONIO

(By the Associated Press.)

San Antonio, Texas, Sept. 10.—A total of 30 bodies had been recovered up to noon from the flood swept area of this city.

Estimates of the number of dead have been reduced to about 100.

A cloud burst to the north, which sent flood waters down the San Antonio river to join the swollen torrents of Alamean and San Pedro creeks inundated the entire west section of the city.

The property loss is now estimated from one to five million dollars.

STORM HAS CENTER OVER HAITI.

(By the Associated Press.)

Washington, Sept. 10.—The disturbance over the Caribbean sea today continued to move west and northwest, with its center apparently south of Haiti. Vessels were warned of danger in Caribbean waters.

(By the Associated Press.)

San Antonio, Texas, Sept. 10.—(10:30 a. m.)—Six are known dead, 500 are believed to have perished and millions of dollars worth of property has been lost in the flood which swept through San Antonio last night.

Water from the San Antonio river flooded many blocks to a depth of 10 or 15 feet. It is believed that the greatest loss of life occurred in the Mexican district.

Troops from Fort Sam Houston this morning patrolled the flooded area.

The city water supply, electric light lines and telephone service are all cut off.

Both banks of the San Antonio river are strewn with wreckage of houses.

Great fear is entertained for residents of the San Antonio valley south of here, from which alarming reports of loss of life have been received.

MIDDLE WEST FEELS GALE'S STRENGTH.

(By Associated Press.)

Sioux Falls, S. D., Sept. 10.—Two men were killed and many small farm buildings were destroyed by a cyclone of great violence, which struck just outside this city last night.

2 DEAD, SHIPPING DAMAGE \$150,000.

(By Associated Press.)

Port of Spain, Trinidad, Sept. 10.—The tropical storm of great violence, which struck Trinidad Thursday, caused two deaths and damaged shipping to the extent of \$150,000.

SEA ISLAND COTTON CROP LOST.

(By the Associated Press.)

Vincent, Windward Island, Sept. 10.—The sea island cotton crop on this island was almost entirely destroyed by the terrific storm which swept it on Thursday. Fields of cane were laid flat and numerous cocoanuts trees uprooted. The storm was the worst in the history of the island.

TEXAS DAMAGE LIFTS COTTON PRICE.

(By Associated Press.)

New York, Sept. 10.—Rain and storm damage reported from Texas today boosted cotton prices by \$4 to \$5 per bale in the first hour of trading on the New York market.

BLAST SHAKES HUGE GERMAN SUB, 3 PERISH

(By the Associated Press.)

Liverpool, Sept. 10.—A tremendous explosion aboard the German submarine Deutschland at Birkenhead, near Liverpool, killed three men and injured three today. It is thought possible that others may have perished.

The Deutschland is the famous German submarine which prior to American entry into the world war, ran the allied blockade and brought a cargo to America. It is one of the largest in existence and has a traveling radius equal to that of an ocean liner.

ELAINE PETITON REACHES CAPITAL

(By the Associated Press.)

Washington, Sept. 10.—The petition of attorneys for Elaine negroes, asking review of the Arkansas supreme court decision which set aside the Pulaski chancery court injunction against electrocution of the blacks, was received today by the clerk of the United States supreme court. The petition can not be heard by the supreme court, which is now in recess, until October 3. Electrocution of the blacks is set for September 23.

OFFICERS EVICTED FIGHTS REMOVAL

(By the Associated Press.)

Pine Bluff, Sept. 10.—County Treasurer J. A. Hitt of Lincoln county, ordered removed after conviction on charges of gross immorality, today said he would appeal from Circuit Judge Sorrells' order forfeiting his office. It was alleged that Hitt appeared at a public gathering in an intoxicated condition, and also used profane language in public.

A REMEDY FOR

The Backward Child

If your child was backward at school last year or now complains of frequent headaches or smarting and stinging sensations in the eyes, the time to have an eye examination is now—before school opens. If cared for now the weakness may be overcome by the time the child is full grown. If not, the time will come when glasses will be absolutely necessary and doubtless have to be worn for life. Give the child a chance.
